44 COLOURS / 4 SIZES / 2 FINISHES / 0 SPECIAL PIECES

An extension to our popular Matrix collection, Elmden gives you complete freedom to create a unique design with the 44 colour options covering a variety of moods from tranquil and comforting to vibrant and energetic. This range has 0% recycled content.

The colour representations shown in this data sheet are as accurate as the limitations of the printing process will allow. Due to the manufacturing process of our floor tiles there may be a small variation in the PTV value. The slip resistance values are correct at the time of testing and represent the standard production value. Inadequate cleaning and maintenance will lead to significant reduction in the slip resistance of any tiles. The pendulum test results have been displayed in line with H&S Executive guidelines whereby 0-24 represents high slip potential, 25-35 moderate slip potential & 36+ represents a low slip potential
