## 32 COLOURS / 4 SIZES / 1 FINISH / 0 SPECIAL PIECES

Embrace the great outdoors with Vista20. With a variety of stone, wood and fossil effect finishes, these porcelain slabs give you an elegant appeal without the usual maintenance. Extremely hard wearing and stain resistant, there's a choice of installation options including fitting onto pedestals, laying onto sand, gravel, grass or laying with adhesive.

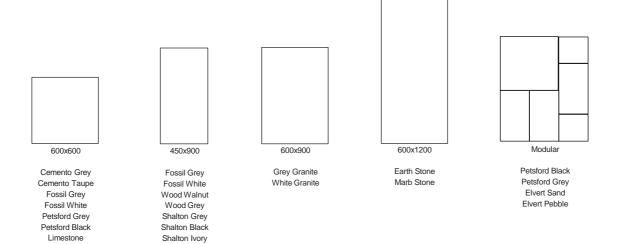

The colour representations shown in this data sheet are as accurate as the limitations of the printing process will allow. Due to the manufacturing process of our floor tiles there may be a small variation in the PTV value. The slip resistance values are correct at the time of testing and represent the standard production value. Inadequate cleaning and maintenance will lead to significant reduction in the slip resistance of any tiles. The pendulum test results have been displayed in line with H&S Executive guidelines whereby 0-24 represents high slip potential, 25-35 moderate slip potential & 36+ represents a low slip potential.
