

Pellegrue

5 COLOURS / 9 SIZES / 2 FINISHES / 3 SPECIAL PIECES

Pellegrue is a collection that is born from blending the perfection of the best applications and the most innovative technology, obtaining a high quality product and an excellent gloss on the surface. The Pellegrue collection was created with with an aim for a minimalistic feel. Bold, simple backgrounds combined with subtle movement gives it character with the additional thin veining mimicking the best cuts of the stone. It awakens emotion and passion. A timeless graphic that stands out because of its simplicity and because it does not make spaces busy but lets personalities flow.

WHITE CERAMIC

MATCHING DECOR AVAILABLE IN
ALL 3 COLOURS

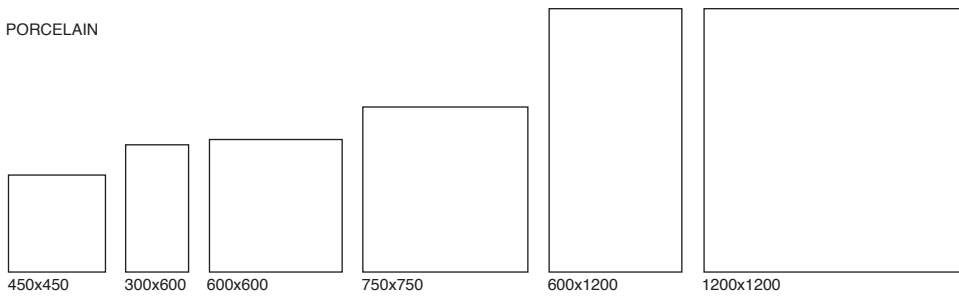

The colour representations shown in this data sheet are as accurate as the limitations of the printing process will allow. Due to the manufacturing process of our floor tiles there may be a small variation in the PTV value. The slip resistance values are correct at the time of testing and represent the standard production value. Inadequate cleaning and maintenance will lead to significant reduction in the slip resistance of any tiles. The pendulum test results have been displayed in line with H&S Executive guidelines whereby 0-24 represents high slip potential, 25-35 moderate slip potential & 36+ represents a low slip potential.
