About Parkside

We are a design-led tile specification company working with some of the world's most dynamic manufacturers to bring you the latest tile collections, many of which are exclusive.

As part of the UK's largest tile specialist, you can be reassured that we have the resources and know-how to find the perfect tiles for your homes.

Our housebuilder team has over 90 years' experience in helping to create original interiors that make sure your homes stand out from the competition.

Our Design Studios in Clerkenwell and Leicester both show a wide selection of tiles in a relaxed and creative environment.

Parkside has operated in the commercial tile sector for many years, building a very successful track record in commercial projects. We continue to work with many recognised brands such as David Lloyd, Starbucks and Burger King. Our client portfolio also includes international hotel chains such as Holiday Inn, Radisson and Hilton Hotels.

As part of the UK's largest tile business we are able to support the house developers customers through our central warehousing facility and logistical capability.

Working with Parkside

As well as our increasing number of tile collections with recycled content, we're committed to making all areas of our business as sustainable as possible.

This includes:

- Sustainable and responsible product sourcing
- Improving energy efficiency in production e.g. solar powered kilns
- Sourcing from sustainable suppliers
- Reducing carbon impact in the supply chain
- Less waste in production
- Central operations and delivery
- Use of sustainable energy
- Reducing carbon impact in UK delivery
- Less waste from our Design Studios and Support Office
- Reduced energy consumption

It is very much a journey and we look forward to sharing our progress with you.

We offer our developer customers a full range of show home and marketing suite support ranging from traditional sample hand boards to our innovative sample card system.

An internationally recognised brand for your customers.

We've worked with Britain's most stylish and contemporary homes magazine to bring together the exclusive ELLE Decoration collection.

Getting the Look

You may already know that there’s more to consider than just your choice of tiles. Grout colours, trims and door bars all play their part in the finished look.

We partner with industry-leading brands to offer a complete tiling solution including over 20 different grout options. Trims available include metal effect, wood effect, marble effect and matt black options.

Our team are available to help you pick the perfect grouts, trims and door bars if needed. The Regal collection (page 28) makes it easy with its own range of perfectly matching accessories.

Coordinating grout colours can enhance your tile installation.

Many of our collections have matching and coordinating outdoor ranges to help you create the modern indoor/ outdoor look.

Vista 20 is our Porcelain Collection of 20mm landscape tiles. These tiles can be fixed in the same way as traditional concrete and natural stone pavers, we can also provide fire-rated pedestal installation systems for areas such as apartment balconies.

Read more about these in our separate Home & LVT brochure.

Luxury Vinyl Tiles (LVT), known as SPC (Stone Polymer Composite), are comprised of a rigid core for added durability. With a glue-less format, integral underlay and click locking system, they provide an easy to clean flooring solution which is resistant to both scuffs and stains. Discover a range of wood and stone effect shades below, all PTV 36+ rated.

Lusaka

36+ Wood Effect Tiles

200x1200x11mm	Matt/Grip	Wall/floor
225x1800x9mm	Matt	Wall/floor
400x1200x20mm	Matt/Outdoors	Wall/floor
600x600x20mm	Matt/Outdoors	Wall/floor
110x540 Chevron	Matt	Wall/floor

Lusaka is an oak inspired collection consisting of 4 colours and multiple finishes, including a 20mm option for outdoors as well as a Chevron shape option. Cutting edge relief reader technology provides a continuous flow of colour with more intense shading, while high resolution scanning gives perfect adherence between pattern and structure. The use of glossy and matt inks reproduces knots and veins with precision and extreme realism, making it one of the most realistic wood effect tiles available.

The Grip and structured options have high slip resistance (PTV 36+).

Porcelain
Porcelain

Wall/floor
Wall/floor

Ideal for residential spaces, this larger format porcelain tile takes its inspiration from New York loft living. The soft, weathered matt texture is designed to resemble a rare type of Phyllite slate found in the Dalradian rocks on the Isle of Arran. These dramatic coloured tiles combine the naturally individual variations of slate with a smooth, long-lasting finish.

Valle can be used as a large format wall tile but it is also an ideal coordinating tile for our Firenze wall tile.
